FISH HATCHERIES — PENNSYLVANIA FISH COMMISSION

Pennsylvanian's probably enjoy watersports during the months of July, August, and September more than any other time of year. The warm balmy days of summer with traces of colder things to come late in this three month period seem to attract thousands of boaters, water skiers and fishermen to the Keystone State's numerous and beautiful waterways.

Fishing for all species is legal during July and August and, although regular trout season closes September 2, anglers can continue to enjoy the sport in lakes over 10 acres through October 31.

Other species such as largemouth and smallmouth bass, pike, muskellunge, and pickerel are all legal. But probably one of the biggest attractions—particularly for the younger set—are the easily caught panfish such as sunfish, bluegills, and crappies.

At the same time boaters and boating events during this three month period probably are most active. Water skiing contests and exhibitions, powerboat, and sailboat races, and stream floating all attract thousands of Keystone Staters to the waterways as well as plenty of out-of-state tourists to Pennsylvania.

For instance on July Fourth the Greater Harrisburg Boat Club holds its annual Hydro Inboard Regatta on the Susquehanna.

On July 7 the Henry Frick Boat Club holds an Annual Lehigh River Day's Swimming Contest. The same day and then on July 21 the Iroquois Boating and Fishing Club sponsors sailboat races on Conneaut Lake. July 28 the Coast Guard Auxiliary holds a parade and predicted log race on Lake Wallenpaupack.

During August and September a number of sailboat races and skiing contests are held. For instance more sailing races are held August 4 and 18 on Conneaut while in September on the second there's the Harrisburg Kipona Celebration with a parade, power boat races, and canoe races.

Among other "things to do" for the traveler during the summer may be a visit to one or more of the Pennsylvania Fish Commission's hatcheries. Spread throughout the state, the hatcheries are all open to visitors from 8 A.M. to 5 P.M. daily.

What do visitors see?

Fish—all kinds and sizes!

Locations are:

BELLFONTE HATCHERY, near Pleasant Gap, Centre County.

BENNER SPRING RESEARCH STATION, on Spring Creek, Centre County.

CORRY HATCHERY, west of Corry, Erie County.

UNION CITY HATCHERY, east of Union City, Erie County.

HUNTSDALE HATCHERY, near Huntsdale, Cumberland County.

LINESVILLE HATCHERY, on Pymatuning Sanctuary, near Linesville, Crawford County.

PLEASANT MOUNT HATCHERY, at Pleasant Mount, Wayne County.

REYNOLDSDALE HATCHERY, at Pleasantville, Bedford County.

TIONESTA HATCHERY, at Tionesta, Forest County.

Fishermen may also find some real sport by visiting one of several Fly Fishing Only areas in the Commonwealth or one of the three Fish For Fun areas. They're listed in the Pennsylvania Fish Commission's Rules and Regulations Summary.

Interested outdoorsmen may obtain further information by writing the Commission at Box 1673, Harrisburg, Pennsylvania 17120.
